Α.

Pre-Petition Background and Description of Debtors' Business.

6 The Debtor was formed in May of 1963 under the laws of the State of California, and has 7 operated as the owner and operator of various real properties in California since that time. In 8 specific, in July 1986 the Debtor acquired the real property at 142 N 9th Street, and has operated it 9 since that time. In 2005 the Debtor acquired the Plaza Apartments, and has operated them since 10 that time, and in September 1968 the Debtor purchased real property and constructed Sierra Manor 11 and has operated them since that time.

12

1. Acquisition and Construction of the Medical Building

13 In the spring of 2005, Kittitas Community Hospital("KCH") contacted Dr. Byron Haney 14 and informed him of a need for a medical building in Ellenburg, Washington. The Debtor offered 15 to construct and lease a structure to KCH. A.I.A Architect of Seattle were retained to design a structure with approximately 34,000 square feet of space. The Debtor contributed the land and 16 17 initial site work, demolition, and building construction costs of approximately \$2,000,000.00. US 18 Bank provided the US Bank Loan on October 20, 2007 to fund the completion of construction of 19 the Medical Building. Huff Construction of Modesto California ("Huff") was hired to build the 20 three story structure that would be the Medical Building.

As a result of problems associated with the Debtor's initial leasing agent for the proposed
Medical Building resulted in KCH not proceeding with its original intent to lease in the Medical
Building.

The leasing agent was able to deliver the Washington Department of Social and Health
Services ("DSHS"). as a tenant for the Medical Building prior to completion, but to obtain the
leasing commitment from DSHS required that an additional elevator be installed for its exclusive
use. On or about May of 2008 US Bank representatives verbally informed the Debtor that a current

appraisal of the Medical Building resulted in a loan to value ratio of below 75%, and therefore US
 Bank would provide no further funding under the US Bank Loan. At the time US Bank terminated
 funding, it had extended funds in the total amount of \$4,858,442.06.

Aware that a failure to complete the Medical Building would result in no tenants and
therefore no income, Huff agreed to complete the Medical Building.

6 Yakima Valley Memorial Hospital ("YVMH") was also interested in leasing space in the 7 Medical Building, but required certain tenant improvement be included in any leasing arrangement. 8 In order to fund the tenant improvements required by YVMH, members of the Haney Family 9 invested \$141,288.00 toward tenant improvements for YVMH. Additionally, in order to continue 10 working on the Medical Building, Huff requested the payment of \$200,000.00 to pay sub 11 contractors hired to completed the Medical Building. An investor named Mark Grover loaned the 12 Debtor \$200,000.00 to pay Huff the funds required to retain and pay the necessary subcontractors. 13 The total cost to complete the Medical Building came to approximately \$9.2 million. 14 Accordingly, the Debtor's out of pocket investment in the Medical Building is approximately \$4.4 15 million. To finance the additional investment in the Medical Building, the Debtor refinanced its California real estate, and the Guarantors also had Alpine refinance its real properties as well. 16

17

2.

US Bank's Alleged Involvement in the Operations of the Debtor

The Debtor was unable to pay the US Bank Loan when it initially matured in 2009. US
Bank subsequently amended the US Bank Loan via multiple amendments, the last amendment
extending the loan maturity date to September 30, 2011.

After the loan had again matured, representative of US Bank directed the Debtor to open an new checking account at the Standiford US Bank branch, and transfer all proceeds from the tenants of the Medical Building that were being held at the Modesto Commerce Bank into the US Bank account. Thereafter, all rents and proceeds generated from the Medical Building were deposited into the US Bank account. There is currently believed to \$124,092.62 being held in that US Bank account.

10	D. <u>Treatment of Classified Claims under the Plan.</u>		
11	1. Basic Structure of the Plan		
12	The proposed Plan is attached hereto as Exhibit "1".		
13	2. <u>Classification and Treatment of Claims</u>		
14	Section 1123 of the Code requires that the Debtor classify all Claims dealt with in		
15	the Plan. Pursuant to Section 1122 of the Code, the Debtor may place all Claims which are		
16	substantially the same in the same Class in the Plan. Section 1123(a)(4) of the Code requires that		
17	the Plan provide the same treatment for all Claims in the same Class, unless the holder of a		
18	particular Claim agrees to a less favorable treatment of that Claim.		
19	Sections 1123(a)(2) and (a)(3) of the Code require that the Debtor specify in the		
20	Plan any Class of Claims that is not "impaired" by the Plan and specify the treatment of any Class		
21	of Claims that is "impaired" by the Plan. Pursuant to Section 1124 of the Code, a Class of Claims		
22	is "impaired" by the Plan unless the Plan (i) leaves unaltered the legal, equitable and contractual		
23	rights of the holders of the Claims; or (ii) cures any defaults with respect to the Claims for any		
24	damages incurred by them as a result of any reasonable reliance by them on contractual provisions

Plan is conclusively presumed to have accepted the Plan, and is not entitled to vote on the Plan. As
 discussed herein, all Classes are impaired under the Plan and therefore entitled to vote on the Plan.

Pursuant to Section 1126 of the Code, a impaired Class of Claims accepts the Plan if
the holders of at least two-thirds in amount of and more than one-half in number of the holders of
Allowed Claims voting in such Class of Claims vote to accept the Plan. A class of interests accepts
the Plan if the holders of at least two-thirds in amount of the Allowed Interests voting in such class
of interests vote to accept the Plan.

8 The Debtor has requested that the Bankruptcy Court confirm the Plan under the 9 provisions of Section 1129(a) - (e) of the Code. Section 1129(a) sets forth relevant criteria which a 10 Plan must satisfy in order for the Debtor to obtain confirmation for the Plan. The Document does 11 not recite all of the criteria; parties in interest are referred to Section 1129. The Document does, 12 however, state that confirmation standard set forth in Section 1129(a)(7) which provides that the 13 Plan must distribute to each holder of a claim or interest in an impaired class of Claims or interest 14 which has not accepted the Plan, property of a value, as of the Effective Date of the Plan, that is not 15 less than the amount that such holder would receive or retain if the Debtor was liquidated under Chapter 7. This is known as the "best interests" test. As set forth in Section IX herein, the Debtor 16 17 believes that the Plan satisfies this requirement.

18

19 Among the other confirmation standards are those set forth in Section 1129(a)(8) 20 and (b)(1)-(2) which provide that the Plan may be confirmed only if the Plan is accepted by each 21 class of impaired Claims or interests or if the Plan does not discriminate unfairly and is fair and 22 equitable with respect to each impaired Class that did not vote in favor of the Plan. The discussion 23 of the relevant Code provisions concerning the fair and equitable treatment of any secured creditors 24 is set forth below. With respect to a class of unsecured Claims, in order to be fair and equitable, a 25 plan must provide that each holder of such a Claim will receive or retain, as of the Effective Date, 26 property of a value equal to the allowed amount of such Claim or that the holder of any junior 27 claim or interest will not receive or retain any property under the Plan unless the senior claim

1 holder is paid in full. This last requirement is referred to as the "absolute priority rule." With 2 respect to a class of interests, fair and equitable means that the Plan provides each interest holder 3 with property of a value, as of the Effective Date, equal to the greater of any fixed liquidation 4 preference, any fixed redemption price or the value of such interest. Alternatively, with respect to 5 interest holders, a Plan is fair and equitable if it comports with the absolute priority rule. The 6 absolute priority rule specifies that no junior class of claims or interests may receive or retain any 7 property under a plan unless senior classes are paid in full. Additionally, with respect to Secured 8 Claims, Unsecured Claims and Interests, the Court must find that the Plan is in fact fair and 9 equitable, as such terms are commonly understood. 10 Under the Plan, "equity" is retaining an interest in the Reorganized Debtor. The 11 plan provides that holders of Allowed Unsecured Claim will receive on account of the claims 12 property of a value as of the effective date, equal to the allowed amount of their claims. 13 Accordingly, the absolute priority rule is satisfied under the terms of the Plan. 14 The Plan designates 11 (11) classes of Claims and Interests. The Plan has 15 established these Classes based upon the relative rights of the holders of the Claims and Interests 16 against the Debtor. The classification and treatment of Allowed Claims under the Plan are 17 summarized as follows: 18 19 1. Class 1 Claims (Allowed Secured Claim for Property Taxes). 20 Class 1 consists of any and all property taxes. Class 1 is impaired under the Plan. The Plan provides the following treatment for holders of Allowed Claim 1 Claims: The Debtor believes that 21 22 there are no current in property taxes owed for any of its real properties. The Holders of the 23 Allowed Class 1 Claims shall retain its liens against the current real properties securing those liens 24 until the Allowed Class 1 Claim has been paid in full. 25 2. **Class 2 Claims (Unsecured Priority Claims).** 26 Class 2 consists of any and all Priority claims, other than claims of the kind specified in 27 Code Sections 507(a)(1), 507(a)(2) or 507(a)(8). 14	net cash flow from the future operations of the Debtor, and in large part by either a sale or	
15	refinance of the Medical Building pursuant to the terms of the Plan. The Debtor anticipates that	
16	Effective Date payments required under the plan will in fact be funded by Cash available at the	
17	time of Confirmation. Debtors additionally believe that cash flow from the operation of its	
18	business and a sale of the Medical Building after the Debtors has had an opportunity to increase the	
19	cash flow from the Medical Building will be sufficient to fund the Plan's post-Effective Date	
20	financial obligations.	
21	A key element of the Plan is to improve the overall occupancy rate of the Medical Building.	
22	The current usage of the Medical Building is at approximately 80%, and there remains	
23	approximately 6,600 square feet of space that remains available in the Medical Building. The	
24	Debtor's opinion is that it will be able to fully lease the remaining space of the Medical Building	
25	by the middle of 2015, and the utilization of that additional space should be able to generate

The Debtor intends to request that the Court authorize the use of approximately
 \$124,000.00 which is currently held by US Bank as cash collateral to fund necessary tenant
 improvements in connection with the leasing of the remaining space in the Medical Building. In
 the event the Court does not authorize the use of US Bank's cash collateral, the Debtor believes
 that, through cash flow generated by its other operations, and contributions from the Guarantors, it
 would be able separately fund the expected tenant improvements.

The Debtor projects that the future rents generates by 142 N. 9th Street and the
Sierra Manor property will be more than sufficient to continue to service the loans of the holders of
the Allowed Class 3 and Class 5 Claims.

The Plaza Apartments are currently projected to operate at a small annual cash flow
deficiency of between \$2,000 to \$4,000.00 per year, in part because of its debt service of a loan
from Marcus Haney. The Marcus Haney loan will be fully paid in September of 2016, and
thereafter Debtor that the Place Apartments will also operate on a positive cash flow basis.

14 The Debtors will fund the distributions to the Allowed Class 6 Claim through a 15 combination of the continued operation of the Medical Building, and a subsequent sale or refinance 16 of the Building on or before the maturity date of the obligations as provided for under the Plan. 17 The Plan proposed initial monthly payments of either \$39,000.00 per month to the holder Allowed 18 Class 6 Claim during 2015, and increasing to \$41,000.00 per month for 2016, 2017, and 2018, with 19 those payments being applied to both principal and interest as described in the treatment of the 20 Class 6 Claim above. As evidenced by the 5 year cash flow projections based upon the existing 21 and historical gross monthly rental income, operations of the Medical Building alone are sufficient 22 to service the \$39,000.00 monthly payment. The Plan contemplates that the Debtor will fully lease 23 the remaining space in the Medical Building during the first twelve months after Confirmation, and 24 thereby be able to increase the monthly debt service to \$41,000.00.

Finally, on or before the maturity date of December 31, 2018, for the Allowed Class 6 Claim under the terms of the Plan, the Debtor shall sell or refinance the Medical Building for an amount that will, at a minimum, be sufficient to pay the balloon owed on the Class 6 Claim.

28

Without any tenant improvements to increase revenues, the Medical Building
projected annual average net revenue would be \$473,273.20. Assuming a 10% cap rate, Debtor
anticipates being able to sell the Medical Building for at least \$4.7 million. With tenant
improvement to increase the cash flow, Debtor projects an average annual net revenue of
\$531,832.00, and again assuming a 10% cap rate, would project to a reasonable sale price of \$5.3
million for the Medical Building which Debtor believes would be sufficient to retire the balloon
owed to the Allowed Class 6 Claim without the need to liquidate additional collateral.

Additionally, as evidenced by the Budget Projections attached as Exhibit "4", the Debtor expects its continued operations will allow it to operate from a positive cash position. To the extent there is Available Cash during the administration of the Case, the Debtor may use such Available Cash to make additional principal payments to the Class 6 Claim, or to make additional payments to the Allowed Class 8 Claims. Except as provided for the Class 10 Claim and the compensation to be paid to Roger Haney, no Available Cash shall be used to make any distribution to insiders, affiliates, or shareholders.

A. <u>Projections of Future Cash Flow.</u>

Attached hereto as Exhibit "4" are the Projections prepared by the Debtor, which set forth 16 17 the Debtor's estimate of its anticipated cash flow for the term of the Plan. Projections of 18 anticipated cash flow are based primarily upon the historical earnings of the Debtor and the 19 Debtor's historical expenses. The Projections have not been subject to review and a certification by 20 any independent accountants. Although the Debtor has devoted considerable time to the 21 development of the Projections and believes that the Projections represent fairly the projected 22 future cash flow of the business, care should be taken in analyzing the Projections as no guarantee 23 exists that the Projections can be met by the Debtor.

THE PROJECTIONS SET FORTH IN THIS DISCLOSURE STATEMENT REPRESENT
 A PREDICTION OF FUTURE EVENTS BASED UPON CERTAIN ASSUMPTIONS SET
 FORTH WITH SUCH PROJECTIONS. THESE FUTURE EVENTS MAY OR MAY NOT
 OCCUR, AND THE PROJECTIONS MAY NOT BE RELIED UPON AS A GUARANTEE OR

1	OTHER ASSURANCE OF THE ACTUAL RESULTS WHICH WILL OCCUR. BECAUSE OF
2	THE UNCERTAINTIES INHERENT IN PREDICTIONS OF FUTURE EVENTS, THE
3	DEBTOR'S ACTUAL CASH FLOW MAY WELL BE DIFFERENT FROM THAT
4	PREDICTED, AND SUCH DIFFERENCE MAY BE MATERIAL AND ADVERSE TO THE
5	INTERESTS OF THE CREDITORS.
6	The Projections are intended to assess the future cash flow available to the Debtor for
7	making the distributions required by the Plan. Significant assumptions underlying the financial
8	projections include the following:
9	1. Effective Date of the Plan.
10	For the purpose of the Projections, the Debtor estimates that the Confirmation Date will
11	occur on or about December 18, 2014 and, hence, that the Effective Date will occur on or before
12	February 18, 2015.
13	2. Earnings Generated by the Business.
14	The Debtor's projection of the future earnings which will be generated by the business is
15	derived from the pattern exhibited by the Debtor's business operations during the administration of
16	the Case, the Debtors revenues based on the historical operation of the Medical Building prior to
17	the appointment of the Receiver, and by the Debtor's estimate of the revenue which the Debtor's
18	business operations will generate after the Confirmation Date. Revenues in the projections assume
19	that the Debtor will be able to fully lease the remaining space in the Medical Building by June of
20	2015.

B. **Funding of Distributions Required on Effective Date.**

22 In order to emerge from Chapter 11, the Debtor must have Cash sufficient to fund the 23 payment of all of the Allowed Administrative Claims and the Allowed Priority Claims, as well as 24 being able to make the initial distributions proposed to the Allowed Class 3, 4, 5, 6, 7 and 8 Claims 25 The Debtor estimates that, on or by the Effective Date, it will have to pay no more 26 than the following approximate amounts: 27

20	LIQUIDATION ALTERNATIVE TO THE PLAN		
21	The Code requires that, for a Chapter 11 plan to be confirmed, a debtor must demonstrate		
22	that a plan will afford the holders of allowed claims in an impaired class as much as they would		
23	receive or retain if the debtor's assets were liquidated under Chapter 7 of the Code. The liquidation

paid their allowed claim in full. Accordingly, all Unsecured Creditors provided for under the Plan
 will be paid 100% of their Allowed Claims, unless they have otherwise consented to a less
 favorable treatment which would allow for the separate classification of those Claims being paid
 less than 100% of their Allowed Claims.

The Debtor believes that if it were liquidated in a Chapter 7, while a trustee would likely
continue to operate each of the individual properties, the Debtor does not believe that a trustee
would liquidate the Debtors entire operation as a going concern.

Additionally, all unsecured claims would be lumped together, so that any deficiency claim
on account of US Bank's claim in the Case would be treated the same along with the Claims of
Huff, Grover, and the Allowed deficiency Claim of Alpine. Accordingly, the pool of unsecured
claims in a Chapter 7 would be expected to be:

12	Creditor	Amount
13	US Bank	\$1,171,358.80
14	Huff	\$643,584.11
15	Grover	\$140,000.00
16	Alpine	\$2,303,638.61 ⁹
17	Marcus Haney	\$47,573.85
18	Total	\$4,306,155.37

As evidenced by Exhibit "5", in the event of a Chapter 7, based upon 1) updated valuations
based upon the Debtors opinion as to the current value of the Debtors real properties other than the
Medical Building; 2) secured debt outstanding as of August 31, 204, and 3) assuming a 9.0% cost
of sale and a Chapter 7 trustee fee, the Debtor's properties may be able to generate a total of
\$459,885.43 for payment of unsecured claims in a Chapter 7.
In terms of personal property, a copy of the Debtor's excerpted balance as of August 31,

As the lien granted to Alpine occurred within twelve months prior to the filing of the case, a Chapter 7 trustee would be able to avoid the lien as preferential.

1	2014 is attached hereto as part of Exhibit "5". The balance sheet disclosed total cash of		
2	\$201,385.01, of approximately \$142,060.15 would be US Bank's cash collateral, leaving a balance		
3	of \$59,324.86, which is cash collateral for Chase and Berkadia. Assuming a liquidation of Chase		
4	and Berkadia's collateral generates sufficient funds to pay those claim, the \$59,324.86 could also		
5	potentially be made available to general unsecured claims, less an additional Ch. 7 trustee fee of		
6	\$2,966.24.		
7	The Debtor also has \$1,437,443.57 in pre-petition notes payables scheduled as current		
8	assets, of which approximately 1.3 million are notes receivables from the Equity Holders of the		
9	Debtor. The Debtor believes that these note receivables would not be collectible in full.		
10	However, assuming even assuming that they could be collected in full, again after the		
11	minimal Chapter 7 trustee fee of \$51,512.34 ¹⁰ the total net proceeds in a Chapter 7 would be notes		
12	along with generate, with the Parking Lot proceeds would generate a total of approximately \$1.5		
13	million. Based on total projected unsecured claims in a Chapter 7, Unsecured Claims of the Debto		
14	would appear likely to receive not more than approximately 42 cents on the dollar.		
15	Since the Plan provides that All Allowed Unsecured Claims will 100% of their claims, the		
16	Plan satisfies the best interests of creditor test.

2 The Debtors may, at any time, request that the Bankruptcy Court estimate any 3 Disputed Claim pursuant to section 502(c) of the Bankruptcy Code regardless of whether the 4 Debtors have previously objected to such Claim, and the Bankruptcy Court will retain jurisdiction 5 to estimate any Claim at any time, including during litigation concerning any objection to such 6 Claim. In the event that the Bankruptcy Court estimates any Disputed Claim, that estimated 7 amount may constitute either the Allowed amount of such Claim or a maximum limitation on such 8 Claim, as determined by the Bankruptcy Court. If the estimated amount constitutes a maximum 9 limitation on such Claim, the Debtors may elect to pursue any supplemental proceedings to object 10 to any ultimate payment of such Claim. All of the aforementioned Claims objection, estimation 11 and resolution procedures are cumulative and not necessarily exclusive of one another. On and 12 after the Confirmation Date, Claims which have been estimated subsequently may be 13 compromised, settled, withdrawn or otherwise resolved without further order of the Bankruptcy 14 Court. PENDING LITIGATION

The initiation of the Debtors Chapter 11 proceedings gave rise to an automatic stay pursuant to Section 362 of the Bankruptcy Code, which effectively stayed any pending pre-petition litigation against the Debtor, and any litigation that could have been brought prior to the Petition Date. All Creditors and parties in interest holding pre-petition Claims against the Debtor were required to file those Claims by the Bar Date. To the extent that these Claims were not filed by the Bar Date, they are barred unless allowed by order of the Court, the terms of the Plan, or listed in the Debtor's schedules, unless listed as disputed, contingent or unliquidated.

During the pendency of their Chapter 11 proceedings, the Debtors have been reviewing and analyzing timely filed Claims to determine whether or not these Claims are valid, or whether they should be the subject of an objection. This analysis is ongoing, and the Debtors reserve the right to file objections to the Claims which have been filed in its proceeding on any appropriate grounds.
