No petrochemicals, no parabens, no GMOs, no synthetic fragrances.
98.5% of ingredients from a natural origin.

FEATURES AND BENEFITS

FEATURES	DESCRIPTION	BENEFITS
 MANGO BUTTER	Mango Butter is emollient, it maintains the optimal hydration level of the skin. It helps to restore the hydrolipidic film of the skin. Also a rich source of antioxidants, it protects the skin from signs of aging.	<ul style="list-style-type: none"> • Deep moisturization • Regenerating Properties
 AQUAXYL® Complex glucose-xylitol	Aquaxyl® complex, stimulates the synthesis of ceramide and acts as a shield of the skin. Ceramide helps strengthen the barrier function of the skin to prevent loss of hydration.	<ul style="list-style-type: none"> • Deep moisturization • Plumps the skin
 CALENDULA FLOWER EXTRACT	Calendula extract has healing and soothing properties with intense regenerating skills. The extract contains vitamin A agents and antioxidants such as carotenoids and flavonoids. It helps to reduce oxidative stress.	<ul style="list-style-type: none"> • Soothes • Calms • Antioxidant
 PURE SEAWATER ISOTONIC	Collected from an area protected from outside pollution, the sea water is filtered of all impurities and sterilized by microfiltration. Pure Seawater revitalizes and remineralizes the skin by a synergic diffusion of minerals and trace elements. Seawater at a perfect degree of salinity creates an isotonic environment for cells. Thus the concentration of water is similar in solute to that of the membrane of our cells. Cells will recognize the same concentration and take what they need in minerals and trace elements for an optimal effect. Through biomimicry, seawater increases the product's effectiveness by promoting the diffusion of active ingredients through the skin barrier.	<ul style="list-style-type: none"> • Revitalizes • Soothes • Protects the skin

	VITAMIN E	Vitamin E is an intense antioxidant that protects the skin's natural defense barriers to help combat free-radical damage, and in particular reduces UV-related cell damage which can lead to premature aging.	<ul style="list-style-type: none"> • Antioxidant • Photoprotecting • Reduces UV-related damage to cells
	LENTISCUS PISTACIA	Lentiscus Pistacia, has properties that refine the skin's texture. It blurs pores and flaws and mattifies the complexion.	<ul style="list-style-type: none"> • Refines skin's texture • Reduces pore size • Creates a mat finish
	CHRONO-ADAPTATING PIGMENTS	Chrono-adaptating pigments result from a synergy created from microencapsulated gold pigments and corrective-light reflecting pigments that self-adjust to the skin's natural color for a flawless, custom-made complexion.	<ul style="list-style-type: none"> • Enhanced complexion

INGREDIENTS

AQUA (WATER), MARIS AQUA (SEA WATER), GLYCERIN, CETEARYL ALCOHOL, GLYCERYL STEARATE, DICAPRYLYLETHYER, OLUS OIL (VEGETABLE OIL), UNDECANE, POTASSIUM PALMITOYL HYDROLYZED WHEAT PROTEIN, XYLITYLGLUCOSIDE, BENZYL ALCOHOL, ANHYDROXYLITOL, TRIDECANE, MANNITOL, MANGIFERA INDICA (MANGO) SEED OIL, PARFUM (FRAGRANCE), SODIUM STEAROYL GLUTAMATE, HELIANTHUS ANNUUS (SUNFLOWER) SEED OIL, CI 77492 (IRON OXIDES), XYLITOL, ALCOHOL, HYDROGENATED VEGETABLE OIL, CI 77019 (MICA), XANTHAN GUM, HYDROGENATED LECITHIN, CI 77491 (IRON OXIDES), POLYMETHYL METHACRYLATE, CANDELILLA CERA (EUPHORBIA CERIFERA (CANDELILLA) WAX), CITRIC ACID, DEHYDROACETIC ACID, BARIUM SULFATE, TOCOPHEROL, GLY- CINE SOJA (SOYBEAN) OIL, LECITHIN, PISTACIA LENTISCUS (MASTIC) GUM, GLUCOSE, ALUMINUM HYDROXIDE, CI 77499 (IRON OXIDES), CALENDULA OFFICINALIS FLOWER EXTRACT, GERANIOL, CITRONELLOL.

SUGGESTED USAGE

We recommend applying CC Cream each morning.

In the morning, on perfectly cleansed face and neck, start your Cerule Skin application ritual with the Instant Tensor Serum and then apply CC Cream.

Note: This formula is SPF free. We advice to apply a SPF for the face with a 30 to 50 index if you are going out to the sun. Apply SPF after serum and before CC Cream.

APPLICATION: Collect a small amount of product with your fingertips, apply on the face and neck and blend by smoothing outward. Massage the product into the skin until your complexion is perfectly unified.

CERULE SKIN VALUES

Cerule Skin products are made with Pure Seawater and Algae from the island of Molène. Molène belongs to the Iroise Islands and seas Biosphere Reserve.

Located on the coast of Brittany in France, this reserve is almost 100,000 hectares wide. There are strong currents, high tides and the water can reach 20 meters in depth. This reserve has significant biodiversity, encompassing more than 600 species of algae, large sea bird colonies, and populations of basking shark and gray seal.

The island of Molène is a marine area protected by UNESCO, and also by the Regional Natural Park of Armorique, the Marine Park of Iroise, and the European ecological network Natura 2000.
