Local Educational Agency (LEA) Name: Monrovia Unified School District

CDS Code: 19-647900000000

Local Control and Accountability Plan (LCAP) Year: 2019-20

LEA contact information: Dr. Sue Kaiser, Assistant Superintendent

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2019-20 LCAP Year

This chart shows the total general purpose revenue Monrovia Unified School District expects to receive in the coming year from all sources.

The total revenue projected for Monrovia Unified School District is \$63,207,889, of which \$51,339,669 is Local Control Funding Formula (LCFF), \$3,954,995 is other state funds, \$5,049,902 is local funds, and \$2,863,323 is federal funds. Of the \$51,339,669 in LCFF Funds, \$6,141,597 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Monrovia Unified School District plans to spend for 2019-20. It shows how much of the total is tied to planned actions and services in the LCAP.

Monrovia Unified School District plans to spend \$65,820,626 for the 2019-20 school year. Of that amount, \$6,141,597 is tied to actions/services in the LCAP and \$59,679,029 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Increased or Improved Services for High Needs Students in 2019-20

In 2019-20, Monrovia Unified School District is projecting it will receive \$6,141,597 based on the enrollment of foster youth, English learner, and low-income students. Monrovia Unified School District must demonstrate the planned actions and services will increase or improve services for high needs students compared to the services all students receive in proportion to the increased funding it receives for high needs students. In the LCAP, Monrovia Unified School District plans to spend \$6,141,597 on actions to meet this requirement.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2018-19

This chart compares what Monrovia Unified School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Monrovia Unified School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

In 2018-19, Monrovia Unified School District's LCAP budgeted \$6,585,698 for planned actions to increase or improve services for high needs students. Monrovia Unified School District estimates that it will actually spend \$6,500,000 for actions to increase or improve services for high needs students in 2018-19.

2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

The Monrovia Unified School District (MUSD) is located in the foothill community of Monrovia, a 132 year-old city in the northeast San Gabriel Valley. MUSD is comprised of an early learning center, five elementary schools, two middle schools, one comprehensive high school, two alternative schools, and one community adult school. By working actively and cooperatively as students, staff, parents, & community, the Monrovia Unified School District is committed to devoting its energy, resources, and

support to provide academically rigorous educational programs that foster the maximum development of each student's potential in a challenging, safe, orderly, & positive learning environment, with quality staff and quality service. Our Board of Education and Superintendent share a common vision for all Monrovia schools, a vision focused on helping all schools become distinguished schools, creating an environment for student achievement, and fostering a college-going culture that produces graduates prepared for life. MUSD serves a diverse community of approximately 5,600 students. The ethnic population can be described as 5.3% African American, 64.6% Hispanic, and 18.9% White. 60.6% of our students are designated as socioeconomically disadvantaged, 12.9% were English-learners and 0.4% Foster Youth (2018-19 DataQuest and 2019 Dashboard).

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

The chart below shows the estimated expenditures for the 2018-2019 LCAP initiatives in support of unduplicated student groups. Professional development to improve instructional support (6% of the budget) particularly to meet the needs of English learners, low income, and foster youth student groups. Instructional coaches and academic intervention programs comprise about 34% of the budget and included support for the further implementation of the ELA/ELD standards, Read 180 and Math 180 as tier II interventions at the secondary level, and i-Ready at the elementary level. Intervention support is also provided to students within the three dual immersion programs at MUSD. Monroe elementary school is our Spanish dual immersion school. Students are encouraged to continue their program at Clifton Middle School, which will add an 8th grade cohort in the coming school year. Plymouth Elementary school will add a 3rd grade cohort to their Mandarin program in the coming school year. Support is provided to unduplicated students to participate and succeed in these programs, with the goal of students earning the Seal of Biliteracy upon graduation from MHS.

Nearly 9% of the S&C funds were devoted to programs that provide unduplicated student groups the opportunity to engage with technology both to gain greater access the curriculum and to advance their knowledge and experience with writing code. The elementary Code to the Future schools (Mayflower and Plymouth) are 1:1 and receive coding instruction. Each grade level participates in project building throughout the year that progressively stretches their coding skills. Students from Plymouth matriculate to Santa Fe Computer Science Magnet School for grades 6-8. Students continue to learn advanced coding, allowing for students who are interested in continuing their studies at MHS's computer science pathway to be prepared for the rigors of the program, which includes the opportunity for industry-standard certification with in high school. The iCoach program provides two teachers at each elementary school and four teachers at each secondary school to participate in ongoing professional development in the use of instructional technology. These teachers receive a laptop and a classroom set of Chromebooks to allow daily technology integration. These teachers serve as the on-site coaches providing professional developing and one-on-one coaching to teachers at their site, increasing the capacity of the staff in the use of technology to enhance their instruction, particularly to English learner, low income, and foster youth students.

Counseling and student support comprised about 14% of the LCAP budget this year. These services included portions of elementary counselors to unduplicated students, especially in the area of student attendance; continued implementation of PBIS at all sites;

Additional support (about 4% of the LCAP budget) was provided to unduplicated students at each of the elementary sites in the area of the visual and performing arts. Wild Rose Elementary was provided extra support as they continue to build their focus as an arts magnet school. This school

has the highest unduplicated student counts and currently is the lowest performing school. Dance, drama, and vocal music were a focus for this year's program. Looking forward, there are plans to expand the visual arts program.

One of the largest shifts in the LCAP was in support of site plans, which made up about 14% of the LCAP budget. The past several years have been focused on district-level professional development to build a foundation for sites to build from to support their individual needs. This year's LCAP reflects the beginning of this transition to more site-based professional development. In the coming year, there will be an even greater amount dedicated to site plans to support the needs they have individually determined to best support the LCAP goals.

2018-2019 LCAP Budget Dec 2018

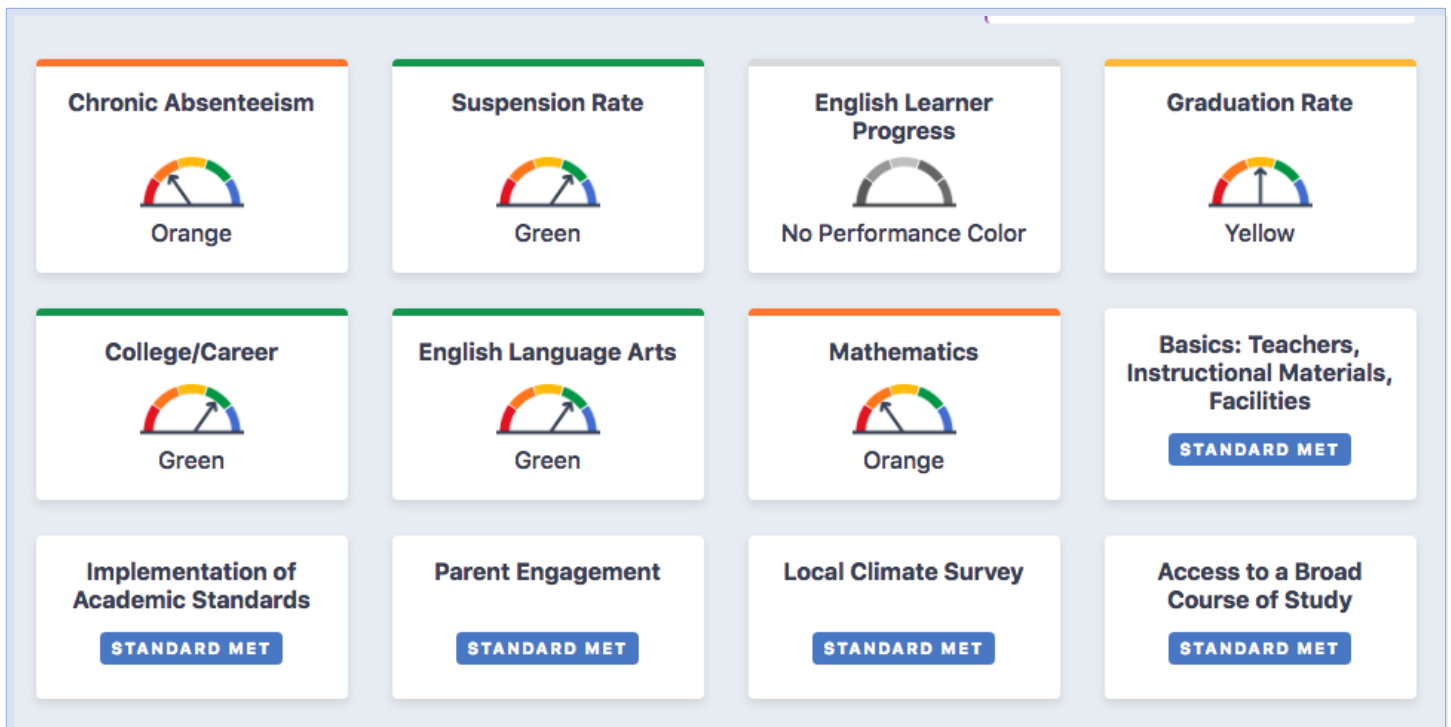

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

We demonstrated growth for all students in reducing the suspension rate from ORANGE to GREEN. We believe through our continued implementation of PBIS and the addition of Olweus (anti-bullying program) were able to achieve this goal. We have also continued to maintain our academic indicator for ELA at a level of GREEN.

Our EL students outperformed (YELLOW) all students in Mathematics (ORANGE)

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

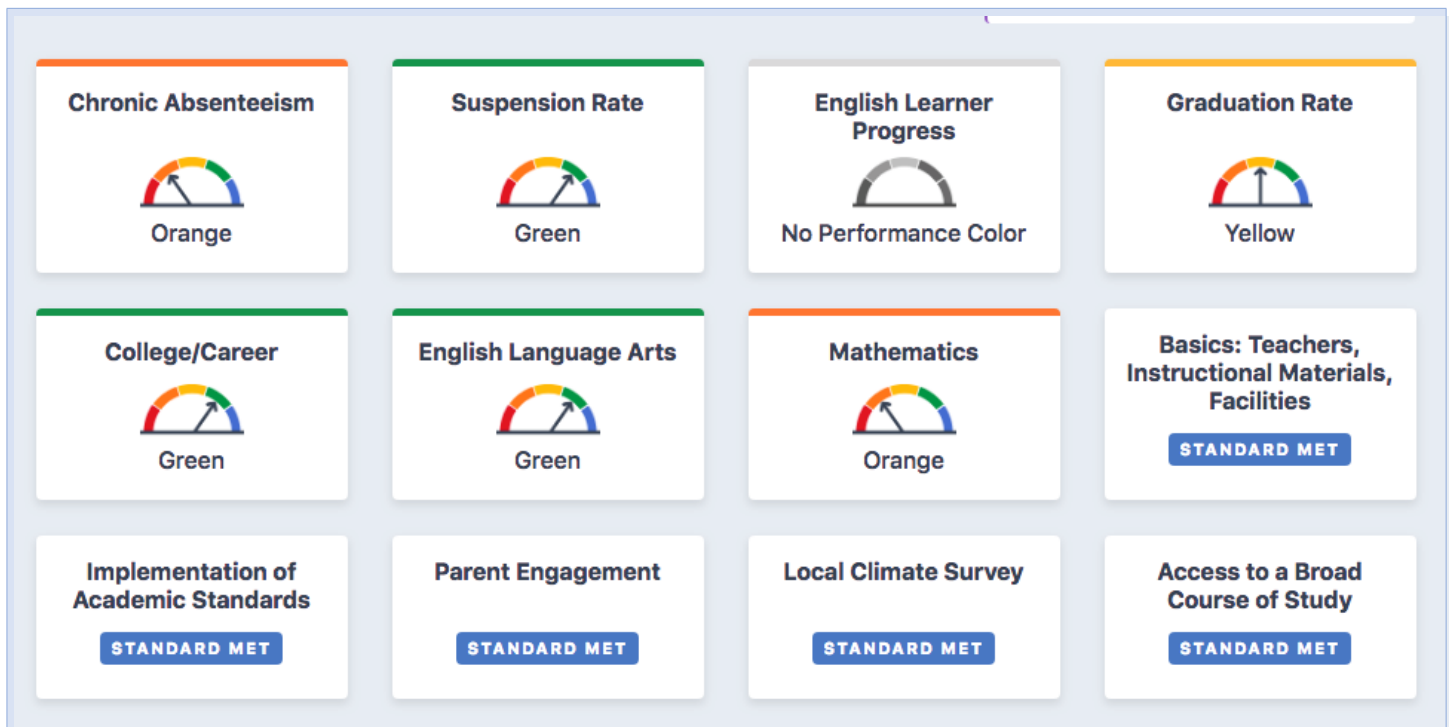

Greatest Needs

Based on the dashboard data below, our greatest needs are in:

- 1) Mathematics (ORANGE)
- 2) Chronic Absenteeism (ORANGE)

Our immediate next steps are to:

- 1) Expand the math support provided include 4-5 grade teachers in the full implementation of the SWUN math curriculum, including a deeper study of the math framework. Also, continue to support the use of SBAC interims to guide adjustments to instruction based on the results.
- 2) District personnel and site administrators will focus on who are the students who are chronically absent and seek to provide supports based on individual needs. A portion of each Instructional Leaders meetings have been and will continue to be dedicated to the analysis of what has been effective in reducing chronic absenteeism and how to scale these approaches to other schools within the district.

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

Our greatest performance gaps are found within:

- Suspension Rate: All students (GREEN), FY and 2 or more races (YELLOW)
- College/Career: All students (GREEN), students with disabilities, and African American students (all ORANGE).
- Academic Indicator-ELA: All students (GREEN) are outperforming students identified as FY, Hispanic and African American students (all ORANGE) and students with disabilities (RED)

To address these gaps, the directors of student services; special education; educational services; and college, career and counselors will work closely with principals to implement supports directed to these students. Best practices will be sought out and where possible, implement those that build on the structures we already have in place to support these metrics.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

Schools Identified

Identify the schools within the LEA that have been identified for CSI.

Canyon Oaks High School

Support for Identified Schools

Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

District office staff worked closely with Canyon Oaks to develop their plan to raise their graduation rate. After careful review of the characteristics of recent non-grads, site and district admin worked to find evidence-based practices to include in the plan to support those areas that were revealed during the school level needs assessment. There were no clear resource inequities that needed to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

District office staff (mainly from Educational Services) will support the monitoring and evaluation of the plan in the following manner:

- Regularly scheduled meetings with Canyon Oak administrative team to discuss the progress and any road blocks in the implementation of the plan.

- Analysis of identified local measures that serve as benchmarks to increasing graduation rate

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

****ELA K-5:** Strategic planning with ELA Cohort: Model lessons, instructional planning, data analysis, guided reading support, foundational skills planning, peer observations, team planning (site-based & district-wide), SBAC analysis

****ELA 6-12:** Providing instructional coaching, Professional Development workshops, lesson planning, data analysis (RI, CWA, SBAC) Pacing Guide development 6-12, Common Writing Assessment prompt development and development of Local Assessment plan, SBAC vertical articulation, HMH implementation support

****Math:** Provide instructional coaching, lesson planning, model lessons, pacing guides, data analysis, online assessments, lesson study, learning walks, math framework analysis, and local assessment plan. Additionally, select 3rd-5th teachers have participated in a math cohort to research and practice number sense and reasoning routines.

****ELD:** Providing updates to teachers and administrators regarding state and federal program updates and changes.

Providing Professional Development at site level and during district administrative meetings regarding EL issues.

Providing one on one Instructional Coaching with teachers.

Assisting with DAC/DELAC & site ELAC meetings.

Training and Administrating Initial ELPAC & Summative ELPAC.

Meeting with EL students at the secondary level to review RFEP criteria & their academic progress to that end.

Attending IEPs where EL students are involved.

Overseeing all aspects of EL student achievement from Initial Identification to Reclassification

Attending BELD meetings at LACOE

****iCoaches:** 21 iCoaches throughout the district: 10 elementary, 4 middle school, and 7 high school (MHS & COHS)

Meet monthly and train on:

****District PLC (formerly known as Focused Schools)** This year is the complete transfer of implementation to planning and writing team.

****Site Allocations:** Sites are more deeply implementing those areas of focus determined by their work within the district PLCs.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

****ELA K-5:** A deeper understanding of common core standards and instruction, standards of math practice, and effective instructional practices and assessments. Teachers and students are better prepared for the rigors of instruction and assessment, and the progress of instructional and assessment technology within the 21st century classrooms. Cohort teachers report increased student capabilities with their students' number sense and mathematical reasoning.

ELA 6-12: Uniform writing assessment format grades 6-12. Data from common assessments is being used to drive instruction in the classroom. Assessment calendars and pacing guides completed for grades 6-12. HMH adopted text has been integrated into pacing guides grades 6-12 (Textbook, Close Reader, Performance Assessment booklet, and online resources).

****Math:** Teacher participation in a learning cohort provided an opportunity to build collective teacher efficacy across our five elementary schools in the district. Teachers reflected and improved in their classroom practice in foundational skills, developed a deeper understanding around the complexity of the SBAC and used data to adjust instruction based on student need. This has provided a richer learning experience for students through the development of teacher practice.

****ELD:** Number of RFEP students is increasing

The number of At-Risk LTEL = 94 (-24) and LTEL = 70 (-17)

****iCoaches:** 21 Technology Specialists get a deeper understanding of educational technology and its uses and provide site-based opportunities to make an even greater impact by training colleagues and students; therefore the work/learning never stops with them, it's a constant cycle that has evolved over the last three years and has equipped our educators and learners to be prepared for the skills they need moving forward in the 21st Century classroom.

****District PLC:** Based on two metrics: Site visit feedback and professional learning session feedback. Positive, measurable change in focus and teacher practice

****Site Allocations:** Some schools have had success, as measured by the identified metrics. These schools are sharing their best practices with schools who have not demonstrated growth in these areas.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Increased spending on consultants and materials

Decreased spending on extra hours and substitutes

Discontinued Summer Institute and other additional professional development outside of the calendar year

Increased practice of instructional coaching to provide more in-house support

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Provide instructional coaching, lesson planning, model lessons, pacing guides, data analysis, online assessments, lesson study, learning walks, math framework analysis, and local assessment plan. Additionally, select 3rd-5th teachers have participated in a math cohort to research and practice number sense and reasoning routines.

Strategic planning with ELA Cohort: Model lessons, instructional planning, data analysis, guided reading support, foundational skills planning, peer observations, team planning (site-based & district-wide), SBAC analysis

Providing instructional coaching, Professional Development workshops, lesson planning, data analysis (RI, CWA, SBAC) Pacing Guide development 6-12, Common Writing Assessment prompt development and development of Local Assessment plan, SBAC vertical articulation, HMH implementation support

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

A deeper understanding of common core standards and instruction, standards of math practice, and effective instructional practices and assessments. Teachers and students are better prepared for the rigors of instruction and assessment, and the progress of instructional and assessment technology within the 21st century classrooms. Cohort teachers report increased student capabilities with their students' number sense and mathematical reasoning.

Teacher participation in a learning cohort provided an opportunity to build collective teacher efficacy across our five elementary schools in the district. Teachers reflected and improved in their classroom practice in foundational skills, developed a deeper understanding around the complexity of the SBAC and used data to adjust instruction based on student need. This has provided a richer learning experience for students through the development of teacher practice.

Uniform writing assessment format grades 6-12. Data from common assessments is being used to drive instruction in the classroom. Assessment calendars and pacing guides completed for grades 6-12. HMH adopted text has been integrated into pacing guides grades 6-12 (Textbook, Close Reader, Performance Assessment booklet, and online resources).

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

We have stood fast to our plan, but made adjustments to the needs of the individual teacher(s), grade level(s), or department(s) as a whole when applicable.

First year of cohort model was executed as originally intended and has received positive feedback. There is a desire to continue this practice moving forward in order to build upon the foundation laid this year. Teachers have demonstrated growth through this experience.

No additional materials were required. Transition to online materials and textbook resources should reduce the need for photocopies of resources. All PD provided by ELA instructional coaches.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Annual Update

LCAP Year Reviewed: 2018-19

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 8

Provide a program, including curriculum and instruction, to address the literacy needs of all third grade students in all subject areas so that all third grade students meet minimum proficiency levels by June 2020.

Third Grade Literacy

Students will demonstrate proficiency in grade-level literacy with second, third, fourth and fifth grades.

By the end of second grade, 80% or more of the students will meet reading targets. The percentage of each applicable student subgroup meeting targets will increase by at least 5 percentage points each year.

By the end of third grade, 80% or more of the students will meet reading targets. The percentage of each applicable student subgroup meeting targets will increase by at least 5 percentage points each year.

By the end of fourth grade, 80% or more of the students will meet reading targets. The percentage of each applicable student subgroup meeting targets will increase by at least 5 percentage points each year.

By the end of grades 5th, students meeting reading targets will increase by 5 percent.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 2: State Standards (Conditions of Learning)
 Priority 3: Parental Involvement (Engagement)
 Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 7: Course Access (Conditions of Learning)

Local Priorities: All 2nd - 5th Grade Students

We have found ways to engage students in learning that translates into more students in class. Students have to be in class to learn, to succeed and to develop to their fullest potential. We have much work to do. Our goal is to create a more comprehensive and coordinated effort via monthly District Discipline Committee Meetings.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

New metric added to address the additional individual and group counseling services provided by graduate counseling intern program implementation.

21 Technology Specialists get a deeper understanding of educational technology and its uses and provide site-based opportunities to make an even greater impact by training colleagues and students; therefore the work/learning never stops with them, it's a constant cycle that has evolved over the last three years and has equipped our educators and learners to be prepared for the skills they need moving forward in the 21st Century classroom.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Counseling for chronic behavioral/discipline issues: summer, D'Veal + interns to supplement

We will add online course planning at the middle school level

Sports Medicine Academy was not part of initial plan

There was a change in elementary Art teachers

More students than anticipated signed up to participate in after school choir

We will be finishing up year 3 with CTTF at both Mayflower and Plymouth - as devices are used daily at both of these sites, we need to begin to create a thorough plan for longevity and sustainability of devices

We have seen the positive impact of the iCoach program over the last three years and therefore are very purposeful in our planning, but willing to adjust to the needs of sites, teachers, and when we come across new learnings and innovations in the educational technology world.

Stakeholder Engagement

LCAP Year: **2019-20**

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

Stakeholders were consulted in the annual update and revision of the 2017-2018 through 2019-2020 LCAP through the reconvening of the LCAP Community Committee formed four years ago with representatives from active stakeholder groups. The committee was comprised of approximately 15 members, including two MUSD Board representatives, and district administrators; representatives from each of the district employee organizations, including teachers, classified, and certificated management, and administrators; representatives from each of the following district-connected organizations: DELAC, PTA, and Special Education; and a representative from each of the following community partners: Chamber of Commerce, Monrovia Schools Foundation, and Monrovia Reads. This year, there were additional meetings specifically for Spanish-speaking stakeholders, including principals and teachers. Descriptions of the content of these meetings is described in the section below.

This was the second year using ThoughtExchange for our parent input survey

Overall, there were 1,322 participants (those who created an account), 1201 thoughts (those who submitted one or more thoughts), and 31,945 ratings (number of thoughts that were rated). There were also student exchanges. Overall, there were 790 students, 1304 thoughts, and 12,133 ratings. Students responded to two questions: what can your school do when you are having difficulty and what can your school do or change to help you feel more engaged. Results were disaggregated by students grades 4-8 and 9-12.

The process used for review and comment on the LCAP by the required advisory committees prior to adoption was as follows:
May 14, 2019 - DAC/DELAC reviewed the revised LCAP and submitted written questions to superintendent
June 12, 2019 - LCAP is presented at the Board meeting for public comment
June 26, 2019 – Final draft of the 2016-2017 through 2018-2019 LCAP, including the Superintendent's written responses to questions that were raised by DAC/DELAC members and at the June 12 public forum were presented to the Board for approval

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

Stakeholder feedback from Thoughtexchange fell into 15 categories:

Teacher and staff quality, District leadership and communication, Class size, Diversification of program offerings, Staff training and support, Student behavior and discipline, Counseling and wellness support, Safety and security, Hiring and retaining staff, Parent involvement, Funding and resources, Technology, Interventions and academic support, School environment, and Instruction and project learning. For the teachers, staff, and parents, the most frequent positive responses were around teacher and staff quality and the diversification of program offerings. The most frequent areas for growth were district leadership and communication, class size, staff training and support, and student discipline and behavior.

The categories for the student Thoughtexchange were as follows: School environment, Instruction and project learning, Differentiated and individualized instruction, Build empathy and engagement, Counseling and wellness support, Interventions and academic support, Extracurricular and experiential activities, Student behavior and discipline, Lunch and recess, District leadership and communication, and Diversification of program offerings. For the students Thoughtexchange, top thoughts for 4-8 grade centered on instruction and project learning, differentiated and individualized instruction, and build empathy and engagement. The 9-12 grade student thoughts were around school environment and counseling and wellness support.

Stakeholder Feedback from LCAP Community Meetings:

Spanish-Speaking Parents Meeting (March 26, 2018)

The number of students in class will not help ever if we keep them at large numbers.

- Teachers need more support especially with English Learner Students
- Workshops to improve CELT each year
- Especially in the early years , and are English Learners. Not until 4th Or 5th grade.

Is there a coach for just the English Learners?

What are the steps to be reclassified? Why was this list/steps not provided from day 1?

Take culture into consideration. English is not always mandated at home.

Low income parents need to work and taking time off is not a privilege for them. Early meetings can be impossible. Meetings after 6 p.m. may work better.

Giving everyone a voice is appreciated as some may have never had a voice until now. Hurrying everyone for a solution is not always a good right way.

Please send information for meetings.

Early assessment for children.

Smaller class sizes.

Specific class for children, not in the same room.

Parents should be invited to committee meetings too.

More effective communication between district and parents.

Parents should know what requirements are needed for children to pass the test to be re-classified.

We should not have combo/mix classes with kids in the 4th and 5th grades in the same class room.

Communication with non primary English speaking households, via flyers sent home directly with students for their parents

Personal phone calls (human) not recorded to speak with parents about their kids

Text messaging to parent cell phones

More multi-lingual counselors to explain options, solutions for el student parents for their academic advancements

If we have 2 people working on this program then we need to get more people to help

What is needed for other people to help as far as working with these kids? Like do you need a degree or a license?

Thank you for the opportunity to voice our concerns on behalf of our EL Community.

In middle/high school you have classes to teach English – We need a similar program in elementary eg: pull-out program – newcomer programs

Glad to learn Elevation is going to be implemented to track our kids

Elevate

Use similar model as with the successful dual language Spanish/Chinese programs and approach EL students with a dual language English program

Audit (2) EL Coaches and current instruction to maximize value

Reduce class sizes

Smaller class size for my child

Have more one on one or specific classes or help for ELD students

Parent resources center at each site

More communication

Specific designated person at each site

Start reclassification testing earlier

More parent involvement

More teacher support

(The following is translated from Spanish)

Parent One -As a parent I would like to be kept informed of all the meetings in order to be up to date with any academic situations. We need more resources for our children. I feel as if no one is listening. I don't see any answers. Our children need help and support at the first sign of a problem. We need to act immediately.

Parent Two- I would like for the kids who are having difficulty learning to be evaluated. Perhaps they have a problem.

I would like for the classes to have no more than 25 students

To get rid of 4th and 5th grade combination classes

More communication from the district with parents

Combined Parent Meeting - English and Spanish (April 12, 2018)

- Do not eliminate elementary counselors after the grant is completed
- Clearly define the roles of the instructional specialists
- More frequent and timely communication from schools and district about events

Stakeholder Feedback from DAC/DELAC meeting (May 29, 2018):

1) I would like for the students to have a class with a counselor or someone else with expertise in human relations. Someone who can talk to them about their attitude, their behavior, and how they should show respect to their classmates and the adults they deal with.

I would like to see the students who are doing well to be recognized more. They could possibly be offered special activities. It may take a little work on the schools' part, but it would be well worth it.

I would like some of the teachers to change their attitude. There are some who are not a good example and hurt the feelings of the students. I know they are not perfect, they are human. However, they should always remember to set an example.

2) Comment/Suggestion

1. Continue with the training for intervention for students.
2. Don't wait till they (students that need intervention) get to the fifth or fourth grade a little too late.
3. Training instructional aide to teach, when teacher is out of classroom.
4. Training for Parents
5. Discipline a little stronger
6. More counselors needed
7. Training for community liaisons

3) Comment/Suggestion

With respect to the "instructional specialists" what are the new, redefined duties/job descriptions? How will their support, services and contributions be quantified in terms of student achievement for students? In other words, how will we measure their effectiveness at sites?

4) Comment/Suggestion

I fully support efforts and funding to wellness center/counseling @elementary. Many students struggle with many things that their classroom teacher should not be their primary support for, including behavior issues that many times distract from learning for that student and the rest of the class. There is not enough support at elementary level – no vice principal, now no counselors. We need more support at the site to help students thrive.

5) Comment/Suggestion

As a parent, I realize how important staff training is. I also realize that pulling teachers out of the classroom for training is necessary. The substitute teachers are not always there to continue instructional time and there is often wasted time for our students. This affects the way our students respond to substitutes and changes the parents perception of what is actually taking place. Is there a way to ensure there is a bridge between teachers and sub. Instruction?

=====

One of the major impacts from this year's stakeholder engagement process (particularly from the parents), is the need for reduced class size at the Spanish dual immersion (Monroe) school and a continuation/expansion of counseling services at Bradoaks and Wild Rose. The counseling grant, which ended this past April, allowed for each school to have an individual counselor. Some the expense was included in Goal 3 with dedicated S & C funding. The main purpose of these counselors was to work with students and families to increase attendance. These metrics did not improve and it was determined that there were a wide range of implementation configurations at each elementary site. In response, the plan was to allocate more S&C funds to each site, which would allow for individual prioritization for the services most needed (some sites wanted more support for intervention personnel, while others wanted to focus on counseling support).

In response to the class size concern at Monroe, town hall meetings were held to explore the possibility of expanding the dual immersion program to another site, which will continue to be explored in the coming school year. The greatest impact of this decision will likely be reflected in base funding, although may have some impact on S&C allocations.

Other areas with direct impact on the LCAP from stakeholder input:

- -reinforcing the focus on expansion of the Wellness center and other social emotional programs.
- -implementation of a system to more closely track the frequency and impact of staff development and time out of the classroom.
- -the addition of English Learner Instructional specialist who will oversee the training of teachers and support for students.
- -a more comprehensive plan for district parent nights in both English and Spanish focused on academic achievement.

Goal 2

Implementation of the new Common Core State Standards (CCSS)

By 2019, 100% of teachers will participate in professional development in Common Core for English-Language Arts, Mathematics, History Social-Science, and/or Next Generation Science Standards, including the integration of technology to ensure all students have access to the curriculum and technology necessary to be successful.

By 2019, 80% of students (Grades 3 - 8 & 11) will demonstrate proficiency in English Language Arts and Mathematics on the Smarter Balanced Assessments.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 2: State Standards (Conditions of Learning)
 Priority 3: Parental Involvement (Engagement)
 Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 7: Course Access (Conditions of Learning)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Local Priorities: Strategic Goals: #1 Student Achievement and #3 Professional Development

Identified Need:

Includes the following: CCSS training, grade-level proficiency in literacy and mathematics in order to access curriculum and instruction, and writing competency.

- 100% of ELA teachers trained and 100% of math teachers trained in Common Core State Standards
- CCSS/NGSS professional development
- CCSS Writing Rubric calibration, professional development participation, and Writing Assessment Calendar

Instructional coaches - Continue to provide professional development to all teachers in learning about the most effective teacher strategies to utilize in the teaching and learning process with the new ELA/ELD adoption, History Social-Science, and Next Generation Science Standards, including the integration of technology to ensure all students have access to the curriculum and technology necessary to be successful. Professional development will continue to include, but not limited to, Lesson Study Protocol, Professional Learning Communities, DIBELS, Reading Inventory, Data Analysis, Calibrating, CELDT, and ELA/ELD Framework focused on supporting the teachers with unduplicated students (Line 1)

The action has been modified for this year and those that follow in the following manner:

Title of these teachers will be "Instructional Specialists"

Specific areas of focus to serve unduplicated student groups will be:

- 1) ELA K-5
- 2) ELA K-8
- 3) ELA 6-12
- 4) Math K-12
- 5) Math K-5
- 6) K-12 UDL

The duties and responsibilities of these teachers will include:

- 1) instructional support for admin, teachers, and students in the implementation of the curriculum and strategies adopted by MUSD.
- 2) guidance and support in the use of both formal and informal formative assessments to adjust instruction to meet the needs of unduplicated students.
- 3) assistance with lesson planning to include the tenets of UDL to close the achievement gap for unduplicated students.

(Line 1)

Same action as 2018-19, with the transfer of K-12 UDL instructional specialist to another funding sources. (Line 1)

Modified Goal

Goal 5

English Language Learners (ELs) will make yearly progress on the English language and math assessments and the Dashboard color indicator will be commensurate with ALL students.
ELPI level will be GREEN or BLUE.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Local Priorities: Increase the number of ELs that become proficient

Identified Need:

To increase the number of English Language Learners (ELs) who are fluent in English in order to access grade-level curriculum and instruction, and simultaneously decreasing the number of Long-Term English Learners (LTELs) while monitoring of newly Redesignated English Language Learners' progress towards English Language Arts proficiency.

Goal 6

College and Career Readiness

By 2019, 100% of secondary students will demonstrate College and Career readiness by accessing higher-level courses, and increasing enrollment into higher-level courses, and successfully completing A to G requirements.

By 2019, 65% of 11th grade students scoring readiness on the EAP assessment in math and English language arts

By 2019, 65% of Advanced Placement (AP) students will score 3 or higher on the AP exams.

By 2019, GPA will increase annually by 0.5.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 5: Pupil Engagement (Engagement)
 Priority 7: Course Access (Conditions of Learning)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Local Priorities:

Identified Need:

To increase the number of students who successfully enter and complete high school college-and-career ready, and increase access for students to Honors and AP-level classes.

Metric 1.6: Tools to measure access to higher level courses include:

- 2014 Pre-AP and AP offerings - 29
- 2014 Honors enrollment - 61
- 2014 Pre-AP - 592
- 2014 AP enrollment - 733
- 2015 Graduation rates 85.9%
- 2014 UC/CSU completed 33.7%
- 2014 EAP results ELA - 29% , Math- 16%

- 2015 AP achievement - 607 AP students, 1142 AP exams, 55% score of 3+

Interventions

By 2020, increase the DF3 for ELA and mathematics by 10 points.

By 2020, increase percent proficient in ELA and mathematics to 80%.

By 2020, decrease/maintain middle and high school dropout rates at 0%.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 5: Pupil Engagement (Engagement)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Local Priorities:

Identified Need:

Based on the results below, continue to provide intervention opportunities for at-risk students:

Spring 2017 Reading Inventory (RI) Assessment Results:

*MUSD (2,631 students tested): 2nd Grade = 35% (92 students tested), 3rd Grade = 57% (410 students tested), 4th Grade = 62% (430 students tested), 5th Grade = 53% (396 students tested), 6th Grade = 51% (158 students tested), 7th Grade = 46% (383 students tested), 8th Grade = 55% (393 students tested), 9th Grade = 55% (369 students tested)

Tools to measure implementation of California Common Core Standards include:

Goals, Actions, & Services

Strategic Planning Details and Accountability

Complete a copy of the following table for each of the LEA's goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

Modified Goal

Goal 8

Provide a program, including curriculum and instruction, to address the literacy needs of all third grade students in all subject areas so that all third grade students meet minimum proficiency levels by June 2020.

Third Grade Literacy

Students will demonstrate proficiency in grade-level literacy with second, third, fourth and fifth grades.

By the end of second grade, 80% or more of the students will meet reading targets. The percentage of each applicable student subgroup meeting targets will increase by at least 5 percentage points each year.

By the end of third grade, 80% or more of the students will meet reading targets. The percentage of each applicable student subgroup meeting targets will increase by at least 5 percentage points each year.

By the end of fourth grade, 80% or more of the students will meet reading targets. The percentage of each applicable student subgroup meeting targets will increase by at least 5 percentage points each year.

By the end of grades 5th, students meeting reading targets will increase by 5 percent.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 2: State Standards (Conditions of Learning)
 Priority 3: Parental Involvement (Engagement)
 Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 7: Course Access (Conditions of Learning)

Local Priorities: All 2nd - 5th Grade Students

Identified Need:

Need: Literacy in English language arts. Grade-level proficiency in literacy in order to access curriculum and instruction.

Goal 9

Improvement in grade-level math performance.

Students will demonstrate proficiency in grade-level mathematics with third grade through eighth grade.

80% or more of the students will meet math targets. Increase the number of students who score Proficient or above in grade level mathematics on Smarter Balanced assessment by at least 5 percentage points each year.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 2: State Standards (Conditions of Learning)
 Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 7: Course Access (Conditions of Learning)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Goal 10

Discontinued goal through 2019-2020 school year - Specific writing goals, actions and services will be addressed at site-level using funds distributed to schools in Goal 2 Lines 13-15 and reflected in SPSAs.

State and/or Local Priorities addressed by this goal:

State Priorities:

Local Priorities:

Identified Need:

- Competent writing. Professional development for writing. Metric 2.3: Tools to measure competent writing include: Writing benchmarks and a calendar with the writing cycle (K-5th Grade = Writing on Demand (WOD) Narrative #2, 6th Grade - 12th Grade = Common Writing Assessment (CWA) #3). Smarter Balanced Assessment Results in English Language Arts. Strategic Planning Details and Accountability

Complete a copy of the following table for each of the LEA's goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

Unchanged Goal

Goal 11

Student Engagement: Ensure every student has a clearly and readily accessible support system in school, and that all school sites are safe, welcoming and inclusive environments for students and their families, so that all students are in their classroom ready to learn.

Goal 3.1: The number of middle and high school students who are suspended/expelled at least once will be reduced each year by at least 10% and the number of elementary school students referred to the office because of discipline will be reduced by 10% each year.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 3: Parental Involvement (Engagement)
 Priority 5: Pupil Engagement (Engagement)
 Priority 6: School Climate (Engagement)

Local Priorities:

Identified Need:

Students need full engagement with school by providing effective discipline protocols and practices that keep students in the classroom learning.

Metric 3.1: Tools to measure effective discipline protocols and practices include:

- Log of meetings with students and parents in Aeries
- CALPADS discipline data
- Elementary office discipline referrals
- Log of group counseling sessions in Aeries
- Calendar of school counselor classroom presentations and parent education meetings
- Suspension/expulsion rates
- Student survey responses on school safety and connectedness

SUSPENSIONS

MUSD 2013-14 suspension data: 191 students suspended

MUSD 2014-15 suspension data: 116 students suspended

EXPULSIONS

MUSD 2013-14 expulsion data: 0 students expelled

MUSD 2014-15 expulsion data: 9 students expelled

HS Dropouts

MUSD 2014-2015: 8.2%

MUSD 2015-2016: 4.0%

MS Dropouts

MUSD 2014-2015: 0%

MUSD 2015-2016 .5%

ELEMENTARY OFFICE REFERRALS

This year a system for obtaining and recording office referral data was established. Implementation of this system of measurements will begin in the 2016-2017 school year and will serve as baseline data in meeting LCAP measurable outcomes for elementary office referrals.

SCHOOL-WIDE DISCIPLINE

School-wide discipline data will be reflected in the suspension, expulsion, and office referral data. MUSD has implemented PBIS district-wide in 2016-2017 in order to address school-wide discipline issues.

Strategic Planning Details and Accountability

Complete a copy of the following table for each of the LEA's goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

Unchanged Goal

Goal 13

Implement a Pre-K-12 college-going culture.

By 2019, 80% of secondary students will have have a 6-year plan developed with the use of Naviance.

By 2019, 100% of secondary counselors will have met with their students and parents once a year.

By 2019, 100% of graduating foster students will have met the A to G requirements.

By Spring 2019, 100% completion of district counseling meetings, agendas, minutes, and sign-in sheets once a month.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 3: Parental Involvement (Engagement)
 Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 5: Pupil Engagement (Engagement)
 Priority 7: Course Access (Conditions of Learning)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Local Priorities:

Identified Need:

Student needs full engagement with school to improve student equity and access to a wide array of course

selections and school activities designed to increase student college-going rates while creating a college-going culture

where students' post-secondary college and career prospects are meaningful.

Tools to measure college-going culture include:

- Conference & Travel Forms for college-related conferences
- School counseling meeting agendas, minutes, and sign-in sheets
- Log of meetings with students and parents in Aeries
- Percentage of pupils who have passed AP Exam with a score of 3 or higher

- Percentage of pupils who participate in and demonstrate college preparedness pursuant to the Early Entrance Program (EAP)
- Percentage of 9-12 grade students in targeted subgroups completing A-G courses with a "C" or better
- Percentage of documented use of Naviance by 6-12 grade students

COUNSELOR TRAINING

2016-2017: 3 counselor trainings with 100% participation

6th & 9th GRADE STUDENTS WITH COLLEGE/CAREER PLANS

This year a system for obtaining and recording 6th and 9th grade students who have a college/career plan will be established through Naviance. Implementation of this system of measurements will begin in the 2017-2018 school year and will serve as baseline data in meeting LCAP measurable outcomes for percentage of 6th and 9th grade students who have a college/career plan.

FOSTER STUDENTS WITH COLLEGE/CAREER PLANS

This year a system for obtaining and recording foster students who have a college/career plan will be established through Naviance. Implementation of this system of measurements will begin in the 2017-2018 school year and will serve as baseline data in meeting LCAP measurable outcomes for percentage of foster students who have a college/career plan.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: **2019-20**

Estimated Supplemental and Concentration Grant Funds	Percentage to Increase or Improve Services
\$6,141,597	14.32%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Goal 2 Action 1 (Line 1) 6 Instructional Specialists: 3 K-12 ELA, 2 K-12 math

Instructional Specialists

Goal 2 Action 1 (Line 1)

The duties and responsibilities of these teachers will include:

- 1) instructional support for admin, teachers, and students in the implementation of the curriculum and strategies adopted by MUSD.
- 2) guidance and support in the use of both formal and informal formative assessments to adjust instruction to meet the needs of unduplicated students.
- 3) assistance with lesson planning to include the tenets of UDL to close the achievement gap for unduplicated students.

This configuration will allow the specialists to focus on the teachers who are serving unduplicated students with on-going support. The educational data specialist will provide academic profiles about the unduplicated students so that specific teachers who are serving these students will receive support and follow up. Academic metrics will be carefully monitored to determine which classes are making the greatest growth to duplicate these best practices in other classrooms throughout the year.

Academic Intervention Programs

Goal 2 Action 10 (Line 10)
Goal 3 Action 1 (Line 16)
Goal 7 Action 1 (Line 23)
Goal 7 Action 2 (Line 24)
Goal 7 Action 4 (Line 25)
Goal 7 Action 3 (Line 26)
Goal 8 Action 1 (Line 27)
Goal 8 Action 3 (Line 29)
Goal 9 Action 1 (Line 30)
Goal 3 Action 15 (Line 56)

Academic intervention programs increased support for English Learners. Read 180 and Math 180 as Tier II interventions at the secondary level, and i-Ready at the elementary level. Both the Read/Math 180 programs and i-Ready are research-based programs that have demonstrated replicable improvement for the unduplicated student groups we are supporting. Our unduplicated student groups have the highest need in the areas of reading and mathematics, as indicated by our disaggregated data and these programs continue to yield improved results for our targeted populations.

The the increased and improved services provided during our summer intervention programs for our unduplicated student groups have been successfully refined and scaled up over the past three years. This year the programs focused on EL students for K-8 literacy programs, as well as grades 4-7 in applied mathematics. Each program resulted in accelerated growth, in the case of the math program, at a greater rate than the past year (2 years growth in 4 weeks as measure by Quantile level). Highly focused instructional time coupled with integrated activities and field trips over the four week program has proved to be a successful combination for increased attendance rates within each program.

Secondary districtwide writing support through the use of well-developed resources, which allow our students to focus on expository writing. While these materials are provided to all students, they are principally directed to students who are lacking literacy skills that will allow them to achieve at grade level in writing. There are components of writing instruction within these programs that support academic vocabulary development, often lacking in our unduplicated student groups.

Our districtwide Dual Immersion program provides opportunities for our English learners by focusing on their strengths and the home language experiences they bring to the classroom. Monroe Elementary School is our Spanish dual immersion school, which serves a high percentage of our low income students. Students are encouraged to continue their program at Clifton Middle School, which will add an 8th grade cohort in the coming school year. Plymouth Elementary school will add a 3rd grade cohort to their Mandarin program in the coming school year. Support is provided to unduplicated students to participate and succeed in these programs, with the goal of students earning the Seal of Biliteracy upon graduation from MHS.

=====

English Learning Academic Monitoring and Support

Goal 5 Action 1 (Line 17)

Goal 5 Action 2 (Line 18)

Goal 5 Action 3 (Line 19)

To increase and improve our monitoring and support of students who are EL, two TOSAs will be dedicated to working with ALL schools. With the challenges of the new language acquisition assessment and reclassification metrics, there is a need to monitor the students more frequently and efficiently. These TOSAs will work with principals, teachers, and families to help everyone stay abreast of these changes and work together to meet our goal of having students who are EL ready to reclassify prior to being considered At-Risk of becoming LTEL. Teachers will receive consistent, on-going support in the use of best practices in working with a variety of language levels within their classroom.

=====
Site Support

Goal 2 Action 13 (Line 13)

Goal 2 Action 14 (Line 14)

Goal 2 Action 15 (Line 15)

In order to provide sufficient funding for school sites to individualize their support of unduplicated students, site allocations have been increased. Based on feedback from stakeholders, some sites will use these funds to expand their counseling support, while others will increase their academic intervention personnel. The SPSA for each site includes details about specifically how these funds are used to provide principally-directed support to unduplicated students, including descriptions of the increased and/or improved services, metrics to measure effectiveness, and on-going evaluation of their goals, actions and services. These allocations are closely monitored through site plans and monthly RAD reports (LACOE) to ensure that these expenses are principally directed to support unduplicated student groups. SPSA budgets must include expenditure specifications that demonstrate how these funds are principally directed to EL, LI, and FY. All POs coded to this line MUST receive prior approval by categorical clerk and Ed. Services Director or Asst. Supt. prior to final processing.

=====
i-Coach Program

Goal 2 Action 4 (Line 4)

Goal 13 Action 13 (Line 54)

Goal 13 Action 14 (Line 55)

The iCoach program provides two teachers at each elementary school and four teachers at each secondary school to participate in ongoing professional development in the use of instructional technology. These teachers receive a laptop and a classroom set of Chromebooks to allow daily technology integration. These teachers serve as the on-site coaches providing professional developing and one-on-one coaching to teachers at their site, increasing the capacity of the staff in the use of technology to enhance their

instruction, particularly to English learner, low income, and foster youth students.

=====

District PLC

Goal 2 Action 6 (Line 6)

Continuing with the work from the past three years with Focused Schools, this year's work will be about further developing site and district PLCs to respond to the the needs of unduplicated students through systematic formative data analysis and well-developed tiered support based on the needs of the targeted populations.

=====

Professional Development

Goal 2 Action 8 (Line 8)

Goal 2 Action 9 (Line 9)

Goal 2 Action 11 (Line 11)

Goal 2 Action 12 (Line 12)

The district professional development plan is created around the specific needs of our students. In order to respond to the individual site needs and to more closely document how this PD supports teacher practice specific to our unduplicated students, a more formal process for collecting data around participation and impact on practice will be collected through an online PD sign up and survey system.

Goal 11 Action 6 (Line 38)

Goal 13 Action 4 (Line 45)

Goal 13 Action 5 (Line 46)

Goal 13 Action 6 (Line 47)

A commitment to providing counseling and student support services including access to counselors at the elementary schools to unduplicated students, especially in the area of student attendance. Additionally, continued implementation of PBIS at all sites provides structure and positive adult relationships that many of our unduplicated students do not receive outside of the school setting. The Wellness Center will be expanded to middle schools to support families of our unduplicated student groups.

Goal 13 Action 11 (Line 52)

The programs within this category will continue to be included particularly in support of our unduplicated student groups who may not otherwise have these opportunities. They support a college-going culture for all students.

=====

Elementary Visual and Performing Arts

Goal 13 Action 7 (Line 48)
Goal 13 Action 8 (Line 49)

Additional support is provided to unduplicated students at each of the elementary sites in the area of the visual and performing arts. Wild Rose Elementary was provided extra support as they continue to build their focus as an arts magnet school. This school has the highest unduplicated student counts and currently is the lowest performing school. Both visual and performing arts are provided.

=====

Code to the Future

Goal 13 Action 10 (Line 51)
Goal 13 Action 12 (Line 53)

Unduplicated student groups are provided the opportunity to deeply engage with technology both to gain greater access the curriculum and to advance their knowledge and experience with writing code. The elementary Code to the Future schools (Mayflower and Plymouth) are 1:1 and receive coding instruction. Each grade level participates in project building throughout the year that progressively stretches their coding skills. Students from Plymouth matriculate to Santa Fe Computer Science Magnet School for grades 6-8. Santa Fe is located in a low income area and serves many of our unduplicated students. These students continue to learn advanced coding, allowing for students who are interested in continuing their studies at MHS's computer science pathway to be prepared for the rigors of the program, which includes the opportunity for industry-standard certification with in high school.

LCAP Year: **2018-19**

Instructional Specialists

Teachers on Special Assignment with specific areas of focus to provide increased services to unduplicated student groups. The following assignments will be implemented in 2018-2019:

- 1) ELA K-5
- 2) ELA K-8
- 3) ELA 6-12
- 4) Math K-12
- 5) Math K-5
- 6) K-12 UDL

The duties and responsibilities of these teachers will include:

English Learning Academic Monitoring and Support

To increase and improve our monitoring and support of students who are EL, two TOSAs will be dedicated to working with ALL schools. With the challenges of the new language acquisition assessment and reclassification metrics, there is a need to monitor the students more frequently and efficiently. These TOSAs will work with principals, teachers, and families to help everyone stay abreast of these changes and work together to meet our goal of having students who are EL ready to reclassify prior to being considered At-Risk of becoming LTEL. Teachers will receive consistent, on-going support in the use of best practices in working with a variety of language levels within their classroom.

Goal 5 Action 1 (Line 17) Instructional Specialists - EL Intervention Support \$ 256,500.00
Goal 5 Action 2 (Line 18) PD to Improve LTEL Reclass \$ 1,000.00
Goal 5 Action 3 (Line 19) Monitoring Recent RFEPs \$ 1,000.00

=====

Site Support

In order to provide sufficient funding for school sites to individualize their support of unduplicated students, site allocations have been increased. Based on feedback from stakeholders, some sites will use these funds to expand their counseling support, while others will increase their academic intervention personnel. The SPSA for each site includes details about specifically how these funds are used to provide principally-directed support to unduplicated students, including descriptions of the increased and/or improved services, metrics to measure effectiveness, and on-going evaluation of their goals, actions and services. These allocations are closely monitored through site plans and monthly RAD reports (LACOE) to ensure that these expenses are principally directed to support unduplicated student groups. SPSA budgets must include expenditure specifications that demonstrate how these funds are principally directed to

EL, LI, and FY. All POs coded to this line MUST receive prior approval by categorical clerk and Ed. Services Director or Asst. Supt. prior to final processing.

- Goal 2 Action 13 (Line 13) Site LCAP Intervention Hourly \$ 200,000.00
- Goal 2 Action 14 (Line 14) Site LCAP CCSS materials \$ 200,000.00
- Goal 2 Action 15 (Line 15) Site LCAP Travel & Conference \$ 447,030.00

i-Coach Program

The iCoach program provides two teachers at each elementary school and four teachers at each secondary school to participate in ongoing professional development in the use of instructional technology. These teachers receive a laptop and a classroom set of Chromebooks to allow daily technology integration. These teachers serve as the on-site coaches providing professional developing and one-on-one coaching to teachers at their site, increasing the capacity of the staff in the use of technology to enhance their instruction, particularly to English learner, low income, and foster youth students.

- Goal 2 Action 4 (Line 4) iCoach Program - Stipends, Nearpod, Consultant, Instructional Specialist (.5 FTE) \$ 188,000.00
- Goal 13 Action 13 (Line 54) District clerical support - monitor iCoach program (10%) \$ 11,000.00
- Goal 13 Action 14 (Line 55) Director of Technology - manage iCoach program (10%) \$ 20,000.00

=====

District PLC

Continuing with the work from the past three years with Focused Schools, this year's work will be about further developing site and district PLCs to respond to the the needs of unduplicated students through systematic formative data analysis and well-developed tiered support based on the needs of the targeted populations.

- Goal 2 Action 6 (Line 6) District PLC PD (formerly Focused Schools) \$ 71,700.00

=====

Professional Development

The district professional development plan is created around the specific needs of our students. In order to respond to the individual site needs and to more closely document how this PD supports teacher practice specific to our unduplicated students, a more formal process for collecting data around participation and impact on practice will be collected through an online PD sign up and survey system.

- Goal 2 Action 7 (Line 7) Summer Teacher Institute \$ 58,500.00
- Goal 2 Action 8 (Line 8) Extra Days PD - Certificated \$ 800,000.00
- Goal 2 Action 9 (Line 9) Extra Days PD - Classified \$ 70,000.00
- Goal 2 Action 11 (Line 11) NGSS Science Secondary Science (PD and materials) \$ 15,000.00
- Goal 2 Action 12 (Line 12) DISTRICT LCAP implementation support (Kick-Up) \$ 75,000.00

Counseling and Support

A commitment to providing counseling and student support services including access to counselors at the elementary schools to unduplicated students, especially in the area of student attendance. Additionally, continued implementation of PBIS at all sites provides structure and positive adult relationships that many of our unduplicated students do not receive outside of the school setting. The Wellness Center will be expanded to middle schools to support families of our unduplicated student groups.

- Goal 11 Action 1 (Line 33) PBIS Training \$ 50,000.00
- Goal 11 Action 3 (Line 35) Implement restorative justice practices (currently funded through Owelus grant)
- Goal 11 Action 4 (Line 36) PBIS instructional aide \$ 174,000.00
- Goal 11 Action 5 (Line 37a) Secondary Counselors (4x24%, 2x20%, 2x62.5%) + Summer Registration hours \$ 220,000.00
- Goal 11 Action 5 (Line 37b) Elementary Counseling (1FTE) \$ 132,000.00
- Goal 11 Action 6 (Line 38) Wellness Center support personnel - SRO \$ 75,000.00
- Goal 13 Action 4 (Line 45) Community liaison for MUSD (50%), Coordinator of Intervention \$ 77,000.00
- Goal 13 Action 5 (Line 46) Director/Clerk Data Management (40%) \$ 105,000.00
- Goal 13 Action 6 (Line 47) College, Career, Counseling clerical - MHS \$ 62,000.00

=====

College and Career Readiness

The programs within this category will continue to be included particularly in support of our unduplicated student groups who may not other wise have these opportunities. They support a college-going culture for all students.

Goal 6 Action 1 (Line 20) AP Summer Institutes \$ 2,500.00
Goal 6 Action 2 (Line 21) AP Testing \$ 10,000.00
Goal 6 Action 3 (Line 22) AVID Program & Tutoring \$ 165,000.00
Goal 11 Action 2 (Line 34) College, Career & Counseling Director + Clerical Support \$ 245,000.00
Goal 13 Action 1 (Line 42) College going culture - PIQE \$ 100,000.00
Goal 13 Action 1 (Line 43) Plan for college going culture implementation and monitoring Naviance \$ 32,000.00
Goal 13 Action 2 (Line 44) UC/CSU/college workshops for counselors \$ 2,000.00
Goal 13 Action 9 (Line 50) IT Pathway at MHS + VMA \$ 133,000.00
Goal 13 Action 11 (Line 52) Additional HS AP - College and Career Pathways \$ 170,000.00

=====

Elementary Visual and Performing Arts

Additional support is provided to unduplicated students at each of the elementary sites in the area of the visual and performing arts. Wild Rose Elementary was provided extra support as they continue to build their focus as an arts magnet school. This school has the highest unduplicated student counts and currently is the lowest performing school. Both visual and performing arts are provided.

Goal 13 Action 7 (Line 48) Arts integration (Art Instructor + Extra Hours) \$ 173,070.00
Goal 13 Action 8 (Line 49) Performing and Visual Arts Director + Clerk (30%) \$ 65,000.00

=====

Code to the Future

Unduplicated student groups are provided the opportunity to deeply engage with technology both to gain greater access the curriculum and to advance their knowledge and experience with writing code. The elementary Code to the Future schools (Mayflower and Plymouth) are 1:1 and receive coding instruction. Each grade level participates in project building throughout the year that progressively stretches their coding skills. Students from Plymouth matriculate to Santa Fe Computer Science Magnet School for grades 6-8. Santa Fe is located in a low income area and serves many of our unduplicated students. These students continue to learn advanced coding, allowing for students who are interested in continuing their studies at MHS's computer science pathway to be prepared for the rigors of the program, which includes the opportunity for industry-standard certification with in high school.

Goal 13 Action 10 (Line 51) Code To The Future for 3 schools - Contract + VMA \$ 300,000.00
Goal 13 Action 12 (Line 53) Code to the Future materials \$ 100,000.00

LCAP Year: **2017-18**

Estimated Supplemental and Concentration Grant Funds

\$6,105,736.00

Percentage to Increase or Improve Services

14.47%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Actions that will IMPROVE services to the targeted pupil groups are identified as follows:

Educator professional development: In order to continue to improve the delivery of quality instruction by increasing the use of culturally and linguistically relevant instructional practices. Specific topics and consultants are secured for the all staff training days that support improved teacher practice for unduplicated students (LEA-WIDE)

\$815,000.00 Instructional Coaches - support teachers in practices to meet the needs of unduplicated student groups

\$12,000.00 ELA Support Extra Hours - development of specific skills to implement ELA/ELD supports, especially to practice and reflect on effectiveness of new skills attained through training.

\$50,000.00 Writing Support - training for teachers around teaching writing, especially in diagnosing specific deficits in writing skills and providing support building these skills for unduplicated student groups.

\$250,000.00	iCoach Program - training of teachers at each site to support implementation of educational technology for student use in order to support unduplicated student groups who are less likely to have access to technology outside of the school setting.
\$276,700.00	Focused Schools - PLC training for administrators and teacher teams to create continuous improvement systems to strengthen the identification and targeted support for unduplicated student groups.
\$1,000.00	PD to Improve LTEL Reclassification procedures, including research-based models of progress monitoring.
\$50,000.00	Additional hours for improving teacher practice for targeted students to support site initiatives in need of additional funding
\$200,000.00	Site S&C Travel & Conference funds for professional development aligned to support of unduplicated student groups.
\$25,000.00	Unit Planning (Summer) - Extra hours for K-12 teachers to strengthen units of study with a focus on unduplicated students.
\$725,000.00	Extra Days PD - Certificated - Specific topics and trainers for improving practices in support of unduplicated students.
\$24,000.00	Extra Days PD - Classified - Specific topics and trainers for improving practices in support of unduplicated students.
\$20,000.00	NGSS Science implementation training - teams of teachers to integrate science into ELA/ELD and math lessons/units of study to
\$100,000.00	Site S&C Planning hours for teachers and other personnel for additional support both inside and outside of the school day for unduplicated student groups
\$1,858.00	Monitoring recent RFEPs training - targeted training for teachers who monitor RFEPs
\$75,000.00	Grade level math improvement & implementation of the 8 MP training and math intervention materials for unduplicated student groups.
\$50,000.00	PD for writing grades 2-4 in support of site initiatives to deepen the implementation of the district writing plan.
\$70,000.00	Hours for writing calibration K-12 for teachers to create specific intervention steps for students who are not writing at grade level, especially for unduplicated student groups.
\$2,797,736.00	TOTAL

CCSS aligned materials to support implementation of rigorous curriculum, specific to (LEA-WIDE)

\$100,000.00	Site S&C CCSS materials - for purchase of supplemental materials to meet the needs of students not achieving at grade level, particularly unduplicated student groups.
\$20,000.00	Decodable books sets, K-2 targeted student groups
\$5,000.00	Grade level literacy - supplemental training for intervention teachers who support unduplicated student groups (K-5)
\$391,000.00	Support materials for CCSS - supplemental materials aligned to the ELA/ELD adopted curriculum to support the needs of unduplicated student groups.
\$516,000.00	TOTAL

Support for students and counselors around college going culture (schoolwide)

\$40,000.00	Plan for college going culture implementation and monitoring Naviance in order to broaden the knowledge base of students who would not receive this support outside of the school setting
\$2,000.00	UC/CSU/college workshops for counselors to stay current with practices in support of unduplicated student groups who are traditionally under-represented.
\$250,000.00	Group counseling - time specifically allocated to unduplicated student groups to meet with counselors in support of academic, social, and emotional needs.
\$173,000.00	AVID Program & Tutoring - in support of unduplicated targeted student groups and their access to post-secondary experiences.
\$20,000.00	AP Summer Institutes - to keep AP teachers current with practices in support of unduplicated student groups who are traditionally under-represented.
\$488,000.00	TOTAL

Implementation of PBIS to support needs of unduplicated students (LEA-WIDE unless otherwise noted):

\$58,000.00	PBIS Training - district wide implementation of PBIS
\$160,000.00	PBIS instructional aide (schoolwide) at each secondary site to support proactive behavioral interventions for over-represented unduplicated students groups.
\$49,000.00	Implement restorative justice practices - district support for site PBIS implementation in support of unduplicated student groups.
\$267,000.00	TOTAL

Support personnel to implement, monitor and evaluate student engagement of unduplicated student groups (LEA-WIDE unless otherwise noted):

\$73,000.00	.5 FTE Coordinator HS Intervention (schoolwide) to work with PBIS aides and SRO to provide multiple layers of needed support for unduplicated students.
\$50,000.00	School Resource Officer (SRO) to provide support in educating students and families about preventing juvenile delinquency by promoting positive relations between youth and law enforcement, including collaboration with district counseling liaison programs aimed at supporting targeted students with community resources through the newly developed Wellness Center at MHS principally directed toward unduplicated students.
\$16,000.00	District clerical support - to implement and monitor iCoach program (10%)
\$8,500.00	Director of Technology - to implement and manage iCoach program (10%)
\$100,000.00	Director of Educational Services/Secretary/Clerk III - specific identification of
\$115,000.00	Director of Student Support Services/Clerk Data Management (40%)

\$25,000.00 Community liaison for MUSD (25%), Coordinator of Intervention - work closely with Director of Student Support Services to provide a wide variety of support to unduplicated students groups.
\$94,000.00 Arts integration (Art Instructor + Extra Hours) for the integration of visual and performing arts programs K-12 providing exposure to unduplicated student groups who would not otherwise have the opportunity to engage.
\$25,000.00 Performing and Visual Arts Director (15%) - planning, monitoring and overall management of arts integration program
\$506,500.00 TOTAL

Actions that will INCREASE services to the targeted pupil groups are identified as follows:

Support for post-secondary education specifically for unduplicated students (LEA-WIDE unless otherwise indicated)
\$100,000.00 Site S&C Intervention - funds for individual sites to develop and implement intervention programs for unduplicated student groups.
\$20,000.00 Intervention support outside school day - extra hours for teachers to provide short-term intervention support projects for unduplicated student groups.
\$10,000.00 EL Intervention Support - materials to support EL intervention programs
\$200,000.00 Yr Round Support 6-12 ELA Targeted - training and materials to support literacy programs for unduplicated students who are reading and writing below grade level.
\$120,000.00 6-8 Interventions summer school (schoolwide) focus on unduplicated student groups

\$70,000.00 Academic, social and emotional intervention for chronically failing students
\$15,000.00 Intervention and counseling for at-risk gr 6-8, all FY, and gr 9 < 1.9 GPA
\$730,000.00 TOTAL

Support for post-secondary education specifically for unduplicated students (LEA-WIDE unless otherwise indicated)
\$2,000.00 AP Testing fees for unduplicated students (schoolwide)
\$2,000.00 Counselor monthly meetings with FY
\$70,000.00 College going culture - PIQE, parent education for unduplicated students around preparation for post-secondary life that would not otherwise be available.
\$74,000.00 TOTAL

Implementation of K-12 coding programs (schoolwide)
\$108,500.00 Code to the Future Devices - training and materials for coding curriculum for unduplicated student groups at two elementary and one middle school sites in support of unduplicated student groups who would not have access to this curriculum otherwise.
\$75,000.00 IT Pathway at MHS to provide certification and higher education opportunities in the IT field, especially for unduplicated

student groups.

\$175,000.00 Code To The Future for 3 schools - curriculum and materials for CTTF program.

\$358,500.00 TOTAL

Fully funded support positions specific to the goals and actions set forth in the LCAP (LEA-WIDE unless otherwise indicated)

\$43,000.00 College, Career, Counseling clerical support for Homeless Liaison

\$165,000.00 College, Career & Counseling Director - work closely with HS AP, Intervention coordinator and parents to support above mentioned actions.

\$45,000.00 Educational Data Specialist - clerical support for the identification and close management of unduplicated student progress

\$115,000.00 Addition of an assistant principal at the comprehensive high school to support the implementation of actions and services delineated in the goals of this LCAP, particularly the intervention supports for unduplicated students who are not achieving at the level of all students (schoolwide).

\$368,000.00 TOTAL

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE's Local Agency Systems Support Office at: 916-319-0809 or by email at: lcff@cde.ca.gov.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, enter the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the California School Dashboard data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to California School Dashboard means the California School Dashboard adopted by the State Board of Education under EC Section 52064.5.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the actual actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the California School Dashboard, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the California School Dashboard, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. EC identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. EC requires

charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, EC Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, enter the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the “Goal #” box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

List the state and/or local priorities addressed by the goal. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the California School Dashboard, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

Planned Actions/Services

For each action/service, the LEA must complete either the section “For Actions/Services not included as contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by entering “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is entered, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must identify "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering "Specific Schools" and identifying the site(s) where the actions/services will be provided. For charter schools operating only one site, "All Schools" and "Specific Schools" may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA's overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify the scope of service by indicating "LEA-wide", "Schoolwide", or "Limited to Unduplicated Student Group(s)". The LEA must identify one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, enter "LEA-wide."
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, enter "schoolwide".
- If the action/service being funded and provided is limited to the unduplicated students identified in "Students to be Served", enter "Limited to Unduplicated Student Group(s)".

For charter schools and single-school school districts, "LEA-wide" and "Schoolwide" may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use "LEA-wide" to refer to all schools under the charter and use "Schoolwide" to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use "LEA-wide" or "Schoolwide" provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

New/Modified/Unchanged:

- Enter “New Action” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Enter “Modified Action” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Enter “Unchanged Action” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may enter “Unchanged Action” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the “Goals, Actions, and Services” section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by EC sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the "Demonstration of Increased or Improved Services for Unduplicated Students" table and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the current year LCAP. Retain all prior year sections for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to California Code of Regulations, Title 5 (5 CCR) Section 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

State Priorities

Priority 1: Basic Services addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
 - a. English Language Arts – Common Core State Standards (CCSS) for English Language Arts
 - b. Mathematics – CCSS for Mathematics
 - c. English Language Development (ELD)
 - d. Career Technical Education
 - e. Health Education Content Standards
 - f. History-Social Science
 - g. Model School Library Standards
 - h. Physical Education Model Content Standards
 - i. Next Generation Science Standards
 - j. Visual and Performing Arts
 - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The Academic Performance Index;
- C. The percentage of pupils who have successfully completed courses that satisfy University of California (UC) or California State University (CSU) entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- D. The percentage of English learner pupils who make progress toward English proficiency as measured by the California English Language Development Test (CELDT);
- E. The English learner reclassification rate;
- F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;
- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:

- A. S broad course of study including courses described under *EC* sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under *EC* sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils.

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *EC* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of K-8 students who were absent 10 percent or more of the school days excluding students who were:
 - (A) enrolled less than 31 days
 - (B) enrolled at least 31 days but did not attend at least one day
 - (C) flagged as exempt in the district attendance submission. K-8 students are considered to be exempt if they:
 - (i) are enrolled in a Non-Public School
 - (ii) receive instruction through a home or hospital instructional setting
 - (iii) are attending a community college full-time.
- (2) The number of students who meet the enrollment requirements.
- (3) Divide (1) by (2).

(b) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(c) “High school graduation rate” shall be calculated as follows:

(1) For a 4-Year Cohort Graduation Rate:

- (A) The number of students in the cohort who earned a regular high school diploma by the end of year 4 in the cohort.
- (B) The total number of students in the cohort.
- (C) Divide (1) by (2).

(2) For a Dashboard Alternative Schools Status (DASS) Graduation Rate:

- (A) The number of students who either graduated as grade 11 students or who earned any of the following:
 - (i) a regular high school diploma
 - (ii) a High School Equivalency Certificate
 - (iii) an adult education diploma
 - (iv) a Certificate of Completion and was eligible for the California Alternative Assessment if under the age of 20.
- (B) The number of students in the DASS graduation cohort.
- (C) Divide (1) by (2).

(d) “Suspension rate” shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(e) “Expulsion rate” shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

NOTE: Authority cited: Sections 42238.07 and 52064, *Education Code*. Sections 6312 and 6314.

APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to EC Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *EC* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *EC* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *EC* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 *CCR* Section 15495(a)?

- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *EC* Section 42238.01 and groups as defined in *EC* Section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *EC* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *EC* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?
